

Alexandria Gazette.

WEDNESDAY EVENING, MAY 27, 1903.

LOCAL NEWS.

Sun rises tomorrow at 4:45 a. m. and sets 7:22 p. m. High water at 8:21 a. m. and 8:48 p. m.

WEATHER PROBABILITIES.—For this section showers tonight with rising temperature. Thursday showers; fresh southeasterly winds, becoming southwesterly.

Railroad Rumors.

The recent acquisition of considerable land in Alexandria county and West End by parties believed to be agents of the Pennsylvania Railroad Company is still giving birth to rumors and speculations as to what will be the ultimate procedure of that company on the south side of the Potomac. The purchase of the Island farm as well as property east of the Washington-Southern track and binding on the Potomac running from St. Asaph to Four-mile run, together with a number of acres to the northwest of Alexandria aggregates considerably more ground than is required for trackage purposes, and that either capacious yards or shops or probably both are contemplated is the belief of many. There can be no doubt that the Washington-Southern and Southern Railways are cramped for space in Alexandria, and that yard room is now the principal desideratum of both companies. The area north and northeast of Alexandria would be ample for such purposes and the congestion in this city relieved to a great extent. Some think that certain radical changes in railroading hereabouts will be in evidence in a few years, or when the Washington-Southern and Southern Railways shall have been double-tracked and the new bridge built across the Potomac. It is thought that the transfer service at the foot of Wilkes street will then become a thing of the past, and that instead of a loop being built around the city, cars will enter Union street via the W. & O. instead of the purpose route via Hunting creek or the Wilkes street tunnel. The size of some freight cars is too great to allow them to pass through the tunnel, and it is suggested that cars could be switched from the main track at W. & O. Junction and placed on Union street from the north instead of from the south.

Fight Between Negroes.

John Toliver, colored, went to the station house where he stated that he had become involved in a difficulty Monday night at Princess and Pitt streets with John Haskins, colored, and exhibited a bad wound on his head in corroboration of his assertion. A warrant was issued for the arrest of Haskins, but it was found that he was confined to his home with a serious cut on the side of his neck, alleged to have been inflicted by Toliver. The case was examined in the Police Court this morning, when it was shown that the trouble originated in a saloon in the northeastern section of the city. Toliver and Haskins were playing cards for money when the latter grabbed the amount which had been staked. A fight followed during which Haskins used a stick and Toliver a knife. The Mayor fined them \$10 each and a warrant was issued for the arrest of the saloonkeeper for allowing gambling on his premises.

On Their Way North.

The scene around the Southern Railway depot about noon today was suggestive of a station in Palermo. Forty-nine Italians and Sicilians who had been at work on the double-track at Ditchley were gathered for the purpose of taking the north bound Manassas train for Washington. The men had walked from Ditchley to Alexandria via West End and in passing down the road with their luggage had set dogs barking and caused many persons to watch them with interest. Their stock of English, apart from a few expletives, was limited, but enough was learned to establish the fact that they had for various reasons satisfactory to themselves concluded they could do better farther north and were on their way thither.

Another Fire.

Shortly before twelve o'clock last night a stable on Patrick street, between Princess and Oronoco, was discovered to be on fire. After considerable difficulty the flames were extinguished. There is every indication that the building was set on fire, and it is said a man, who could not be identified, was seen running from the locality. These incendiary acts are very frequent lately. They are not only a source of annoyance but occasion no little anxiety to people living near the scenes.

Deaths.

William Lee Hale, an old and well-known resident of Annandale, Fairfax county, died at that place yesterday. He was 74 years old and had suffered from a cancerous affection. His body was shipped by W. Demaine & Son to Brandy, where it is to be interred.

Harvey Bailey, an old and well-known resident of Alexandria county, died at Arlington last night. The deceased was in the 74th year of his age.

Incorrect Statement.

The statement yesterday to the effect that Mr. William Nash, a son of the late M. H. Nash, of this city, had died at the Providence Hospital, in Washington, where he was untrue, and was occasioned by the death of a man at that institution named Nash who said he was born in Alexandria.

Stole a Tricycle.

Two negro boys of small proportions were brought before the Mayor this morning charged with stealing a tricycle from a residence on Prince street. One was fined \$5 and the other dismissed. The Mayor warned the mother of the boys that should they be again arrested they would be sent to the reform school.

The Weather.

The weather has been cloudy and threatening since the latter part of last week, with the wind mostly from the east. The temperature has been mild. The tide made higher this morning than usual, but it did not encroach far enough on the wharves to occasion damage or inconvenience.

Shipyard Items.

The steam yacht *Americus*, belonging to Mr. Norman H. Moore, has been rebuilt at the shipyard. The workmanship is pronounced perfect. The tug *Camilla* and the yacht *Mist* are on the ways for repairs.

Mrs. James D. Gatewood returned yesterday from Philadelphia.

Mr. John Hoy, after a brief business trip to Springfield, Mass., has returned to his home.

Request Refused.

Detective Trumbo of Washington yesterday appealed to the use of his bloodhounds for the tracing of criminals. The request came from Remington, on the Southern Railway. The detective was compelled to decline the request for the reason that recently one of his hounds disappeared in an unaccountable manner and has not been recovered. The robbery is of more than usual interest because it is the second at the same place within six months. The store of Robert Willis is the one entered and robbed, each time quite a valuable lot of goods being obtained.

D. A. R. Reception.

Mount Vernon Chapter, D. A. R., last night held a reception and fete at the residence of Mrs. L. W. Reid on Duke street for the benefit of the fund for the restoration of Pohick Church. The officers of the chapter formed the reception committee and during the evening refreshments were served and a quartette of young gentlemen rendered several musical selections. The reception was one of the most enjoyable social affairs of the season and quite a snug little sum was realized.

Work on the Loop.

The work of removing the cobblestones on Fairfax street preparatory to forming the loop around the square to Royal street is being rapidly pushed. The cobblestones are being carried down the road by the electric railway company and will probably be used as ballast. According to the terms of the ordinance the work of repaving and laying the improved rails is required to be finished by the first of July.

Wills Probated.

In the Corporation Court today the will of the late Edward A. Greene was admitted to probate. The deceased left his estate to his widow, Mrs. Mary H. B. Greene.

The will of the late J. T. Callahan was also admitted to probate today. The deceased left his estate to his widow, and named her as his executrix and guardian of his children.

Notified of an Advance.

The Electric Railway Company has notified persons in this city who are furnished by that corporation with electricity for illuminating purposes, fans, etc., that they will be compelled to pay an advance of 25 per cent. on present prices. This action is in consequence of the provisions of the ordinance passed by the City Council on the 12th instant.

Can't rest at night with a bad back, A lame, a weak or an aching one. Doan's Kidney Pills are for bad backs. They cure every form of kidney ills. From common backache to diabetes. They are endorsed by Alexandria people.

Mrs. James R. Ticer, wife of Jas. R. Ticer, carpenter, residence No. 304 N. Alfred street, says: "My son J. H. Ticer had attacks of backache, and lameness over his hips for three years, some of them so pronounced that he was unable to work and on one occasion he was confined to his bed for two weeks. He was treated by a number of physicians but from them only received temporary relief. I noticed Doan's Kidney Pills especially recommended for troubles with the kidneys and I went to E. S. Leadbeater & Son's drugstore for a box and insisted upon his trying them. He followed my advice and much to his surprise but more to his gratification the lameness gradually lessened until it disappeared. At the present time he is able to do a good day's work without any discomfort. Price, 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. THE RECENT MASSACRE.—The German Jewish Relief Society which is seeking to relieve the Kisheneff sufferers has sent an agent to Kisheneff, who reports that 700 houses were destroyed, that 600 shops were sacked and that about 10,000 persons, of 2,000 families, are homeless as a result of the massacre of last month. Forty-five persons were killed outright during the massacre. Eighty-four were severely wounded and 500 were slightly injured. The widows at Kisheneff have declined to receive money, fearing fresh attacks during the Russian Whitesuit. The numbers of persons affected through the loss of positions or otherwise is estimated at 20,000, mostly belonging to the poorer classes. The rich Jews were not attacked, and the Berlin Tageblatt asserted that they purchased exemption by paying the governor money. A dispatch from St. Petersburg says the Chief of Police of Kiev has ordered the police commissaries within his jurisdiction to institute a fresh inquiry into the legal status of the Jews, and to forcefully expel those who have no legal right of residence, and who refuse to leave.

ALFONSO GETS A FORTUNE.—A dispatch from Madrid says King Alfonso has inherited \$7,500,000 under the will of his grandfather, King Francis. The will was opened about a month ago, in accordance with the desire of King Francis that it should not be read until 12 months after his death.

Don Francis D'Assisi, Duke of Cadiz, who married his cousin, Queen Isabella II, of Spain, October 10, 1846, and was the same day proclaimed King of Spain, was the father of the late King Alfonso XII, and grandfather of the present King of Spain, Queen Isabella, July 25, 1870, formally abdicated the throne, in Paris, in favor of her son, the late King Alfonso. Don Francis died at Epinay, France, April 18, 1902.

Many wild rumors are being circulated and great interest is being taken by the millionaire residents in the Irvington, N. Y., vicinity in the mystery surrounding the death of John Heffernan, who was shot and killed near the Ardley Club house on Sunday night.

The opening session of the inquest here last night, a report was circulated that Dr. Robert Denniston had told the coroner that when he was dying Heffernan told him that he recognized the man who shot him, and knew him to be one of the members of the exclusive Ardley club. Dr. Denniston today denied the story. The only witness to the shooting was Sarah Campbell, a young woman who was walking with Heffernan at the time of the hold up. She says it was a stranger who accosted them and that when he told Heffernan to hold up his hands, the latter sprang at his assailant and the shooting followed.
